# Cubby's Pizza

Daily UI/UX Challenge creating an app for a pizza delivery service. Adobe XD, Ps, and Il were used to create this project.

The main menu screen for Cubby's Pizza. At the top, it shows "Checker's Pizza" is delivering to "1234 Hungry Ln Chicago, IL 12345" (1.7 mi away). Below this is a "Pizza" section with various pizza options: Cheese Pizza (\$9.50), Pepperoni Pizza (\$10.50), Supreme Pizza (\$11.50), Sausage Pizza (\$10.50), Hawaiian Pizza (\$12.50), Veggie Pizza (\$9.50), Build Your Own Pizza (\$9.50), and All Meat Pizza (\$13.50). Further down are sections for "Sides" (Cheesesticks \$5.00, Jalapeño Bread \$6.00) and "Drinks" (Lime Soda \$1.50, Cola Soda \$1.50, Water \$1.50, Sparkling Juice \$2.50). A bottom footer includes a copyright notice: "Kassandra Kleespie 2021" and a logo with an upward arrow.

The customization screen for a Supreme Pizza. It shows a large image of the pizza and the price "\$11.50". Below this is a "Customize Pizza" section with dropdown menus for Crust, Toppings, Cheese, and Sauce. A summary shows a total of "\$16.50" and an "Add to Order" button.

The order summary screen. It shows the order is from "Checker's Pizza" with an estimated delivery time of 15 minutes after checkout. The order details include: Supreme Pizza (\$16.50), Cheesesticks (\$5.00), Sparkling Juice (\$2.50), Lime Soda (\$1.50), Subtotal (\$24.50), Tax (\$1.25), Enter Tip (\$1.25), a total of "\$27.75", and a "Check Out" button.

The login screen for Cubby's Pizza. It features a large orange button with the text "Login to Order Now" and a smaller teal button with "Sign Up". Below the buttons is the text "Any Pizza, Anywhere, Anytime." and the copyright notice "Kassandra Kleespie 2021".

# Cubby's Pizza Delivery App

*Any Pizza, Anywhere, Anytime.*

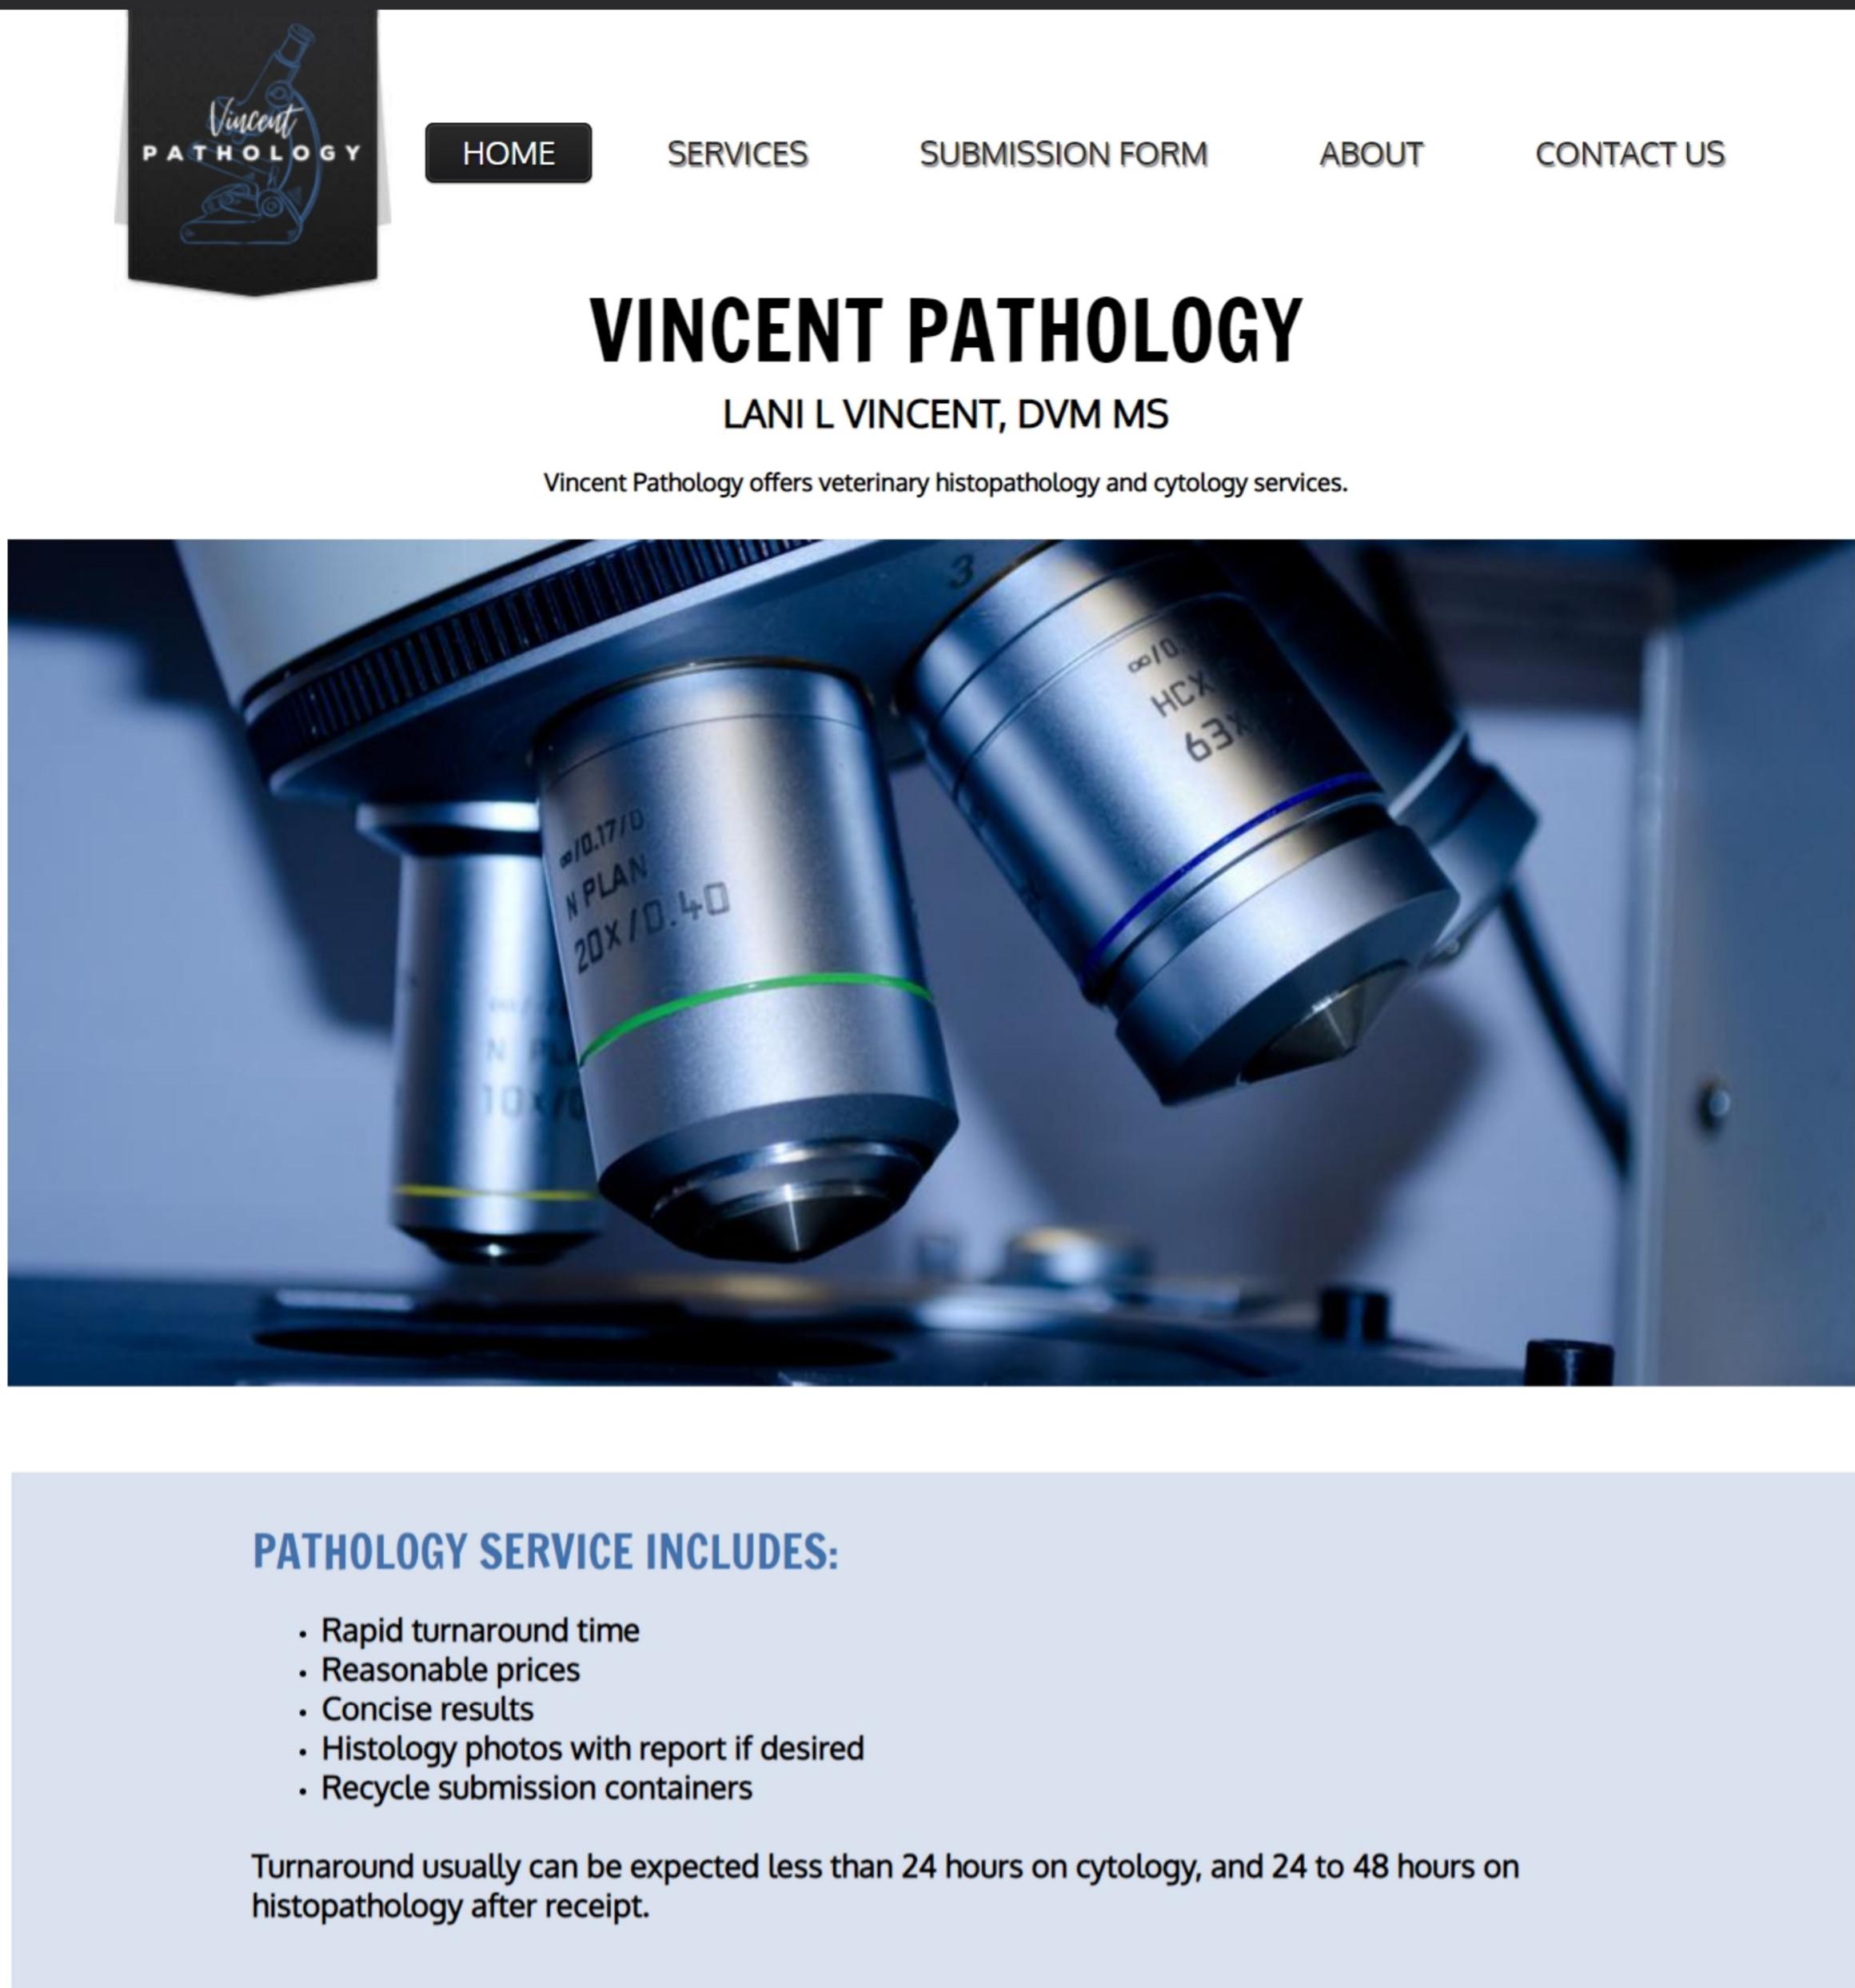

# Home Maintenance Tips

Created for real estate agents to use on social media pages to attract and educate clients. I used Canva for this project.

# Vincent Pathology

I redesigned a website using GoDaddy website builder for a Veterinary Pathologist. I created the custom logo using Canva.

The screenshot shows the homepage of the Vincent Pathology website. At the top left is a logo featuring a blue microscope with the text "Vincent PATHOLOGY". To the right are five navigation links: HOME (highlighted in black), SERVICES, SUBMISSION FORM, ABOUT, and CONTACT US. The main title "VINCENT PATHOLOGY" is in large, bold, black capital letters. Below it is the subtitle "LANI L VINCENT, DVM MS". A short description follows: "Vincent Pathology offers veterinary histopathology and cytology services." Below the text is a close-up photograph of a blue compound light microscope, showing the eyepiece lenses and objective lenses. The objective lenses are labeled with magnification values: "10x/0.17/0. N PLAN 20x/0.40" and "63x". The background of the page is white, and there is a light gray sidebar on the left side of the content area.

## PATHOLOGY SERVICE INCLUDES:

- Rapid turnaround time
- Reasonable prices
- Concise results
- Histology photos with report if desired
- Recycle submission containers

Turnaround usually can be expected less than 24 hours on cytology, and 24 to 48 hours on histopathology after receipt.

# Taniti - WGU Project

For my final assignment in my one of my UI/UX courses, I was given a task to create a website for an tourist island called Taniti. To complete the project, I had to incorporate a low fidelity wireframe, high fidelity prototype, and a mock up. I used Figma to create the wireframe and prototype, and Adobe Ps and Canva for the mock up. The prototype includes a fully functional navigational menu. I spent an extensive amount of time fine tuning details, researching similar websites, choosing photos, and making up relevant text instead of using lorem ipsum. I wanted this project to feel as real as possible.

The image displays a collage of screenshots from the Taniti website, illustrating its design and functionality across different sections:

- Home Page:** Features a large banner with a waterfall and the text "TANITI Your oasis awaits!". It includes a "COVID-19 CDC TRAVEL RESTRICTIONS" section and a "Explore Taniti!" section with a bio by Cindy L. and a bio by Travis F.
- Restaurants:** Shows four food items and descriptions for Island Grille (native dishes) and Burger Cove (American cuisine).
- Why Visit Taniti?**: A section explaining why Taniti is perfect for all types of travelers, mentioning its Pan-Asian culture and island oasis.
- Aerial View:** An aerial photograph of Taniti's coastal town.
- Follow Us:** Social media links for Facebook, Instagram, and Twitter with the handle #taniti.
- Transportation:** A large section featuring a yellow boat named "Super Junior". It includes sections for TAXIS & RENTAL CARS, BUSES, and BICYCLES & SCOOTERS.
- To the Island:** Information about the small airport and its ability to accommodate small jets and propeller planes.
- Flights:** A section mentioning Taniti's small airport.
- Attractions:** A sidebar listing various attractions like HOME, ACCOMMODATIONS, TRANSPORTATION, FOOD & RESTAURANTS, ATTRACTIONS, ENTERTAINMENT, ABOUT THE ISLAND, DEALS, CONTACT US, and COVID 19 UPDATES.
- Deals:** A section showing three women wearing flower leis, advertising various discounts.
- Discounts:** Specific discount offers for Burger Cove (15% off total meal) and City Cinema (20% off movie ticket).
- Snorkeling:** A section with four images of snorkeling activities: Grotto Bay Snorkel, Coral Reef Snorkeling, Inland Snorkeling, and Deep Sea Snorkel.
- Ziplines:** A section with images of ziplining over rainforests and a toucan zip line.
- Indoor Fun:** A section about Toucan Zip and Taniti Zipline Tours.
- Footer:** A footer section with a "DEALS" button and a "CONTACT US" form.

# Mountain Games

## Mountain Games

Daily UI/UX Challenge creating a dashboard for a user logged into their Mountain Games application. The application allows user to play games, and browse their wish list they created on the Mountain Games store.

# Profile Page - MPA Internship

An assigned sprint during my internship instructed to redesign the profile page with interactive prototyped hover effects for tiles. This project was so much fun to create and really expanded my skills as a designer.

The screenshot displays the redesigned MPA Profile Page. At the top, there's a navigation bar with the MPA logo, user icon, search bar, 'Connect Wallet' button, and a 'Vote' button. Below the navigation, the main content area is organized into several sections:

- Profile Summary:** Shows a placeholder image for an avatar, the name "Code Alpha @codealpha", title "UX Design Intern at Minority Programmers", location "Palo Alto, San Francisco Area", and a "Download Profile as PDF" button. It also features a "Passions & Skills" section with Coding, Blockchain, Design, Business, C# - Intermediate, Web Development - Novice, UI/UX Design - Expert, and Java - Novice categories, and a "Reputation Badges" section with five circular icons.
- Profile Strength:** Displays "Profile Strength: Intermediate 70 %" with a progress bar and a "View All" button.
- Achievements at MPA:** Lists three achievements: "Completed a course" (Intro to UX Design: building digital technologies), "Became a chapter lead" (Silicon Valley Engineers, Palo Alto Chapter, San Francisco), and "Got a new job" (Joined MPA as a UX Design intern).
- Projects:** Shows two projects: "Cardano" (Blockchain Technology) and "MPA Blockchain Project" (UI/UX Designer, August 2021). Both projects include descriptions of learning basics of coding and designing prototypes.
- Completed Courses:** Lists three courses: "Introduction to React JS" (React JS logo, Oxa7ae7...a), "Introduction to HTML5" (HTML5 logo, Oxa38a5...a), and "Introduction to Javascript" (JS logo, Oxa4i87...a). Each course includes a "View Course Details" button.
- Experience:** Lists two work experiences: "Product Designer at Microsoft" (Microsoft logo, June 2021 - Present, 4 mos, Remote) and "UX Design Intern at Minority Programmers" (MPA logo, March - June 2021, 3 mos, Remote). Each entry has a "View Experience Details" button and an edit icon.
- Education:** Lists one educational institution: "University of Florida" (UF logo, Sept 2017 - June 2021, Bachelor's degree, Computer Science). It also has a "View Education Details" button and an edit icon.
